

## Elsie's Potatoes

5 lbs of potatoes  
1 - 8 oz package cream cheese softened  
1 cup sour cream  
2 tsp onion salt  
pinch of pepper  
2 tbsp butter

Cook and mash potatoes very fine. Add all ingredients. Put into large, greased casserole. Dot with butter. Bake, covered at 350F for 30 minutes. If making ahead, cover with plastic wrap and refrigerate or freeze. Thaw before baking. Serves 10 to 12.

Note: if you freeze the potatoes and even if they are thawed, it takes quite a bit longer than the 30 minutes to heat up.
